

Year 5 Summer 2

Outdoor Adventure and Active Learning

- Accurately design a map of the school/yard highlight several important features.
- Understand why maps details are important in everyday life.
- Clearly read instructions/directions leading to certain locations.
- Able to plan directions for others.
- Show patience, resilience, determination and a can-do attitude during tricky situations.
- Perform difficult knots using a variety of items.
- Effectively work in a group to plan an event.
- Discuss setbacks and be able to make changes to improve.
- Participate in an assault course showing excellent use of skills.
- Work effectively in a team to complete an objective.
- Successfully capture players in defend and capture activities.
- Shows good leadership in a team.

Each hunted team will have 2 minutes to hide from the hunters – this can be anywhere in the outdoor area. The hunted players will need to try and return to the safe zone that the hunters are guarding within a 5 minute time limit. For every player who makes it to the safe zone, the team earns 5 points.

Question

Can you accurately design a map and plan directions for others?
