

PE Year 4 Summer 2

Outdoor Adventure and Active Learning

- Create a map listing several important locations.
- Work effectively in a team to complete a simple task.
- Create a treasure hunt using compass points.
- Follow navigational clues leading to items.
- Successfully decipher a tricky code to build a base.
- Successfully create a secret code for another team.
- Make difficult decisions to survive in a real life situation.
- Work effectively in a team in a decision-making activity.
- Complete an assault course and explain why they are used.
- Support team members during difficult challenges.
- Successfully defend/attack bases using effective teamwork.
- Plan creative tactics to be successful in team activities.

Using the 4 teams from the previous activity, split the children up into 4 different areas and hand out the FUNDA OAA team roles. Children will also be given a FUNDA Code Breaker to use to solve problems – however children will have different rules and instructions on them so that no team has the same answers.

Question

Can you support team members during difficult challenges?

Vocabulary

Map, locations, create, compass points, decipher, work effectively, support, attack and defend bases, creative tactics
